

**Grade:** TK

**Title:** Trees Make Noises – The Noisy Tree

**Driving Question:** What does observation play in connecting with our environment?

**Content:**

Science K-LS1-1- Analyzing data in K-2 builds on prior experiences and progresses to collecting, recording, and sharing observations.

-Use observations (firsthand or from media) to describe patterns in the natural world to answer scientific questions. (K-LS1-1)

-LS1:C- All animals need food in order to grow. They obtain their food from plants or from other animals. Plants need water and light to live and grow. (K-LS1-1)

ELA Kindergarten – Writing 2. Use a combination of drawing, dictating, and writing to compose informative/explanatory texts in which they name what they are writing about and supply some information about the topic.

**What will students produce?**

Students will produce their own Science Journal with a variety of drawings and names of animals/insects found in trees and will share their Science Notebooks with their families/community.

**Public Presentation:**

Students will share their Science Notebooks to the community/their families at the park.
